Project Based - Free Software Resources.pdf

[Using Twitter to Engage Parents](#) (Sarah Griffiths)

Twitter.ppt

[Rhona the Cloner](#) (referred to by Paul McGrath) is a StarTech SATA dock and standalone duplicator, £40 from Misco. The website to hear the [Bamford Academy Music Technology](#) work is at [www.bamfordprimary.co.uk](http://www.bamfordprimary.co.uk). The [iPad-Controlled Helicopter](#) is a Parrat A R Drone, available from Firebox or on loan from the CLC (for the CLC's maths project or other purpose). [QR-Codes](#) can be made (free) via many different websites (Google it) - just type in the text or URL you want converted and print out the resulting code graphic. There are lots of free QR code readers available for iPods and other mobile devices.
